KNOFFELKWEKERSKONFERENSIE 2024

Die Knoffelkwekersvereniging van Suid-Afrika bied op 03 Oktober 2024 'n Knoffelkwekerskonferensie by LNR Roodeplaat, naby Pretoria aan.

Alle knoffelkwekers en belangstellendes in die bedryf is welkom om die geleentheid by te woon. Die produksie van knoffel in Suid-Afrika het getaan oor die afgelope jare as gevolg van hoë insetkoste, 'n bedreigde- en onstabiele mark, asook groter produsente wat uit die bedryf getree het. Verskeie jonger produsente is besig om hierdie gaping te vul, en die konferensie bied 'n goeie platform vir hierdie nuwe energie.

Die agenda sluit ondermeer in die voorsittersverslag, 'n bespreking oor die Suid-Afrikaanse knoffelwaardeketting, en 'n nuwe benadering tot plant- en grondbestuur om 'n optimale oes te verseker. Blaar-, grond- en virussiektes sal ook deur lede van die diagnostiese sentrum by die LNR bespreek word.

Die konferensie begin om 08:30am vir 09:00am en sal teen 14:00pm afgehandel wees. Koste is R350.00 per persoon en dit sluit ligte verversings in.

Voltooi die onderstaande besprekingsvorm voor 20 September 2024 om u plek te verseker. Daar is beperkte sitplekke beskikbaar.

Kontak die Voorsitter vir meer inligting

GARLIC GROWERS CONFERENCE 2024

The South African Garlic Growers Association is hosting a Garlic Conference on 03 October 2024 at ARC Roodeplaat near Pretoria.

All Garlic Growers and interested parties are invited to attend. Garlic production went through a slump over the past few years because of high input costs, an unstable market and a few larger Producers who left the industry. New Producers are growing into the industry, and the Conference is an ideal opportunity for old and new role players to come together and discuss matters of importance.

The Chairman's report is on the agenda, and the South African garlic value chain will be discussed. A new approach to plant- and soil management to secure optimal yields will be presented and members of the Diagnostic center at ARC will present talks on leaf-, soil- and virus diseases in garlic.

The conference will start at 08:30am for 09:00am, and the programme will be completed by 14:00pm. The cost is R350.00 per person, and it includes light refreshments.

Book your seat by completing the attached booking sheet and send it back to reach us by 20 September 2024. There are limited seats available.

Contact the Chairman for more information
