Gauteng Contact Centre on:  
0800 22 8827

## What:

As part of expanding access to the COVID-19 vaccination and taking vaccines to the people, the Gauteng Provincial Government has made it easier for workers to receive the jab at their place of employment.

**Who:** All workers, suppliers and contractors.

**Where:** At your workplace.

**When:** An agreed date between your company and the District Health team.

**How:** The District Health team will contact you to make arrangements. There are no costs.

GROWING GAUTENG TOGETHER

## How it works?

Workplace vaccinations are provided to institutions that have 50 or more workers that are yet to get the jab. This will also include health education to provide clarity on any related issues the workers might have.

When making the request, companies are expected to provide the following information:

- Company Name:
- Company Address: (include other branches if the company has other offices in the province)
- Number of employees: (breakdown per branch)
- How many eligible employees need to get vaccinated?
- Provide details of key contact person for follow-up purposes
- Indicate if there is need for our health professionals to do an education session at your company to address hesitancy (virtually or face to face)
- Indicate which days will work better for your company
- Indicate if you are in a business park:
